

**csc 170**

**INTRODUCTION TO WEB DEVELOPMENT**

Write things down!

Then can't all be  
winners

Participation grade!  
...little things that  
add-up

Lectures --> Exams

Lab assignments ==  
practice

Projects!

# GETTING AN A IN CSC 170

# **BULLET PROOF WEBSITES**

**NOT "GOOD ENOUGH" WEBSITES**

# CSC 170

== && !=

Front-end (client-side), NOT Backend (server side)

Users: see and interact, NOT application (doing things)

Brochure-ware / information websites ...*can* work with web applications

Think: learning to play chess

CSC 174 (web design)  
CSC 210 (web applications)

Seems easy, right?  
(It is! ...but)

Turn-in nothing → get nothing

Hacking 🦊

Over achiever → 😓
